ADMINISTRATIVE PROVISIONS

SECTION 3. General Authority.

The Controller is hereby authorized and directed to set up appropriate accounts for the items of receipts and expenditures appropriated herein.

SECTION 4. Interim Budget Provisions.

All funds for equipment and new capital improvements shall be held in reserve until final action by the Board of Supervisors. No new equipment shall be authorized during the interim period other than equipment that, in the discretion of the Controller, is reasonably required for the continued operation of existing programs or projects previously approved by the Board of Supervisors. Authorization for the purchase of such equipment may be approved by the Board of Supervisors.

During the period of the interim annual appropriation ordinance and interim annual salary ordinance, no transfer of funds within a department shall be permitted without approval of the Controller, Mayor's Budget Director and the Budget Analyst of the Board of Supervisors.

When the Budget Committee has reserved selected expenditure items pending receipt of additional information from departments, upon receipt of the required information to the satisfaction of the Budget Committee, or after the Budget Committee has concluded their meetings, of the Finance Committee, the Controller may release the previously reserved funds with no further action required by the Board of Supervisors.

SECTION 4.1 Interim Budget – Positions.

No new position may be filled in the interim period with the exception of those positions which in the discretion of the Controller are critical for the operation of existing programs or for projects previously approved by the Board of Supervisors or are required for emergency operations or where such positions would result in a net increase in revenues or where such positions are required to comply with law. New positions shall be defined as those positions that are enumerated in the Mayor's budget for the current fiscal year but were not enumerated in the appropriation and salary ordinances for the prior fiscal year, as amended, through June 30 of the prior fiscal year. In the event the Mayor has approved the reclassification of a position in the department's budget for the current fiscal year, the Controller shall process a temporary or "tx" requisition at the request of the department and subject to approval of the Human Resources Director. Such action will allow for the continued employment of the incumbent in his or her former position pending action by the Board of Supervisors on the proposed reclassifications.

SECTION 5. Transfers of Functions and Duties.

Where revenues for any fund or department are herein provided by transfer from any other fund or department, or where a duty or a performance has been transferred from one department to another, the Controller is authorized and directed to make the related transfer of funds, provided further, that where revenues for any fund or department are herein provided by transfer from any other fund or department in consideration of departmental services to be rendered, in no event shall such transfer of revenue be made in excess of the actual cost of such service.

Where a duty or performance has been transferred from one department to another or departmental reorganization is effected as provided in the Charter, in addition to any required transfer of funds, the Controller and Human Resources Director are authorized to make any personnel transfers or reassignments between the affected departments and appointing officers at a mutually convenient time, not to exceed 100 days from the effective date of the ordinance transferring the duty or function. The Controller, Director of

Human Resources and Clerk of the Board of Supervisors, with assistance of the City Attorney, are hereby authorized and directed to make such changes as may be necessary to conform all applicable ordinances to reflect said reorganization, transfer of duty or performance between departments.

Where one or more departments are organized under a single appointing officer or department head the component units can continue to be shown as separate agencies for budgeting and accounting purposes to facilitate reporting, however the entity shall be considered a single department for purposes of employee assignment and seniority, position transfers, and transfers or reappropriation of funds.

SECTION 5.1 Continuing Funds Appropriated.

In addition to the amount provided from taxes, the Controller shall make available for expenditure the amount of actual receipts from special funds whose receipts are continuously appropriated as provided in the Administrative and Municipal Codes.

SECTION 5.2 Multi-Year Revenues.

In connection with money received in one fiscal year for departmental services to be performed in a subsequent year, the Controller is authorized to establish an account for depositing revenues which are applicable to the ensuing fiscal year, said revenue shall be carried forward and become a part of the funds available for appropriation in said ensuing fiscal year.

SECTION 5.3 Contracting Funds.

All money received in connection with contracts under which a portion of the moneys received is to be paid to the contractors and the remainder of the moneys received inures to the City and County shall be deposited in the treasury.

(a) That portion of the money received that under the terms of the contract inures to the City and County shall be deposited to the credit of the appropriate fund.

(b) That portion of the money received that under the terms of the contracts is to be paid to the contractor shall be deposited in special accounts and is hereby appropriated for said purposes.

SECTION 5.4 Real Estate Services.

Rents received from properties acquired or held in trust for specific purposes are hereby appropriated to the extent necessary for maintenance of said property, including services of the Administrative Services Department, pending conversion to the use for which property was acquired.

Moneys received from lessees or operators of city-owned property for the specific purpose of real estate services relative to such leases or operating agreements are hereby appropriated to the extent necessary to provide such services.

SECTION 5.5 Collection Services.

In any contracts for the collection of unpaid bills for services rendered to clients, patients or both by the Department of Public Health in which said unpaid bills have not become delinquent pursuant to the provisions of Administrative Code Section 10.37 and 10.38, the Controller is hereby authorized to adjust the estimated revenues and expenditures of the various divisions and institutions of the Department of Public Health to record such recoveries. Any percentage of the amounts, not to exceed 25%, recovered from such unpaid bills by a contractor is hereby appropriated to pay the costs of said contract. The

Controller is authorized and is hereby directed to establish appropriate accounts to record total collections and contract payments relating to such unpaid bills.

SECTION 5.6 Contract Amounts Based on Savings.

When the terms of a contract provide for payment amounts to be determined by a percentage of cost savings or previously unrecognized revenues, such amounts as are actually realized from either said cost savings or unrecognized revenues are hereby appropriated to the extent necessary to pay contract amounts due. The Controller is authorized and is hereby directed to establish appropriate accounts to record such transactions.

SECTION 6. Bond Interest and Redemption.

In the event that estimated receipts from other than utility revenues, but including amounts from ad-valorem taxes shall exceed the actual requirements for bond interest and redemption, said excess shall be transferred to a General Bond Interest and Redemption Reserve account. The Bond Interest and Redemption Reserve is hereby appropriated to meet debt service requirements including printing of bonds, cost of bond rating services and the legal opinions approving the validity of bonds authorized to be sold not otherwise provided for herein.

Issuance, legal and financial advisory service costs, including the reimbursement of departmental services in connection therewith, for debt instruments issued by the City and County, to the extent approved by the Board of Supervisors in authorizing the debt, may be paid from the proceeds of such debt and are hereby appropriated for said purposes.

SECTION 7. Allotment Controls.

The several items of expenditures herein appropriated, being based on estimated receipts, income or revenues which may not be fully realized, it shall be incumbent upon the Controller to establish a schedule of allotments, of such duration as the Controller may determine, under which the sums appropriated to the several departments shall be expended. The Controller shall revise such revenue estimates periodically. If such revised estimates indicate a shortage, the Controller shall hold in reserve an equivalent amount of the corresponding expenditure appropriations set forth herein until the collection of the amounts as originally estimated is assured, and in all cases where it is provided by the Charter that a specified or minimum tax shall be levied for any department the amount of appropriation herein provided derived from taxes shall not exceed the amount actually produced by the levy made for such department.

The Controller in issuing payments or in certifying contracts, purchase orders or other encumbrances pursuant to Section 3.105 of the Charter, shall consider only the allotted portions of appropriation items to be available for encumbrance or expenditure and shall not approve the incurring of liability under any allotment in excess of the amount of such allotment. In case of emergency or unusual circumstances which could not be anticipated at the time of allotment, an additional allotment for a period may be made on the recommendation of the department head and the approval of the Controller. After the allotment schedule has been established or fixed, as heretofore provided, it shall be unlawful for any department or officer to expend or cause to be expended a sum greater than the amount set forth for the particular activity in the said allotment schedule so established, unless an additional allotment is made, as herein provided.

Allotments, liabilities incurred and expenditures made under expenditure appropriations herein enumerated shall in no case exceed the amount of each such appropriation,

unless the same shall have been increased by transfers or supplemental appropriations made in the manner provided by Section 9.105 of the Charter.

Section 7.1 Prior Year Encumbrances.

The Controller is hereby authorized to establish reserves for the purpose of providing funds for adjustments in connection with liquidation of encumbrances and other obligations of prior years.

Section 7.2 Equipment Defined.

Funds for the purchase of items of equipment having a significant value of over \$5,000 and a useful life of three years and over shall only be purchased from appropriations specifically provided for Equipment or Lease-purchased Equipment including equipment from capital projects.

Where appropriations are made herein for the purpose of replacing automotive and other equipment, the equipment replaced shall be surrendered to the Department of Administrative Services and shall be withdrawn from service on or before delivery to departments of the new automotive equipment. When the replaced equipment is sold, in lieu of being traded-in, the proceeds shall be deposited to a revenue account of the related fund. Provided, however, that so much of said proceeds as may be required to effect the purchase of the new equipment is hereby appropriated for the purpose. Funds herein appropriated for automotive equipment shall not be used to buy a replacement of any automobile superior in class to the one being replaced unless it has been specifically authorized by the Board of Supervisors in the making of the original appropriation.

Appropriations of equipment from current funds shall be construed to be annual appropriations and unencumbered balances shall lapse at the close of the fiscal year.

SECTION 7.3 Enterprise Deficits.

Funds appropriated herein to meet estimated enterprise deficits shall be made available to each such enterprise only to the extent that an actual deficit shall exist and not to exceed the amount herein provided. Any amount not required for the purpose of meeting an enterprise fund deficit shall be transferred back to the General Fund at the end of each fiscal year. Provided, however, that the Board of Supervisors, in the annual budget, may approve appropriating such amounts to fund the activities of the enterprise in the succeeding fiscal year.

SECTION 8. Expenditure Estimates.

Where appropriations are made for specific projects or purposes which may involve the payment of salaries or wages, the head of the department to which such appropriations are made, or the head of the department authorized by contract or interdepartmental order to make expenditures from each such appropriation, shall file with the Controller, when requested, an estimate of the amount of any such expenditures to be made during the ensuing period.

SECTION 9. Interdepartmental Services.

The Controller is hereby authorized and directed to prescribe the method to be used in making payments for interdepartmental services in accordance with the provisions of Section 3.105 of the Charter, and to provide for the establishment of interdepartmental reserves which may be required to pay for future obligations which result from current performances. Whenever in the judgment of the Controller, the amounts which have been set aside for such purposes are no longer required or are in excess of the amount which is then currently estimated to be required, the Controller shall transfer the amount no longer required to the fund balance of the particular fund of which the reserve is a part.

Provided further that no expenditure shall be made for personnel services, rent, equipment and capital outlay purposes from any interdepartmental reserve or work order fund without specific appropriation by the Board of Supervisors.

The amount detailed in departmental budgets for services of other City departments cannot be transferred to other spending categories without prior agreement from both the requesting and performing departments.

The Controller, pursuant to the provisions of Charter Section 3.105, shall review and may adjust charges or fees for services that may be authorized by the Board of Supervisors for the administration of the Computer Store. Such fees are hereby appropriated for that purpose.

SECTION 10. Positions in the City Service.

Department heads shall not make appointments to any office or position until the Controller shall certify that funds are available.

Funds provided herein for salaries or wages may, with the approval of the Controller, be used to provide for temporary employment when it becomes necessary to replace the occupant of a position while on extended leave without pay, or for the temporary filling of a vacancy in a budgeted position.

Appointments to seasonal or temporary positions shall not exceed the term for which the Controller has certified the availability of funds.

The Controller shall be immediately notified of a vacancy occurring in any position.

SECTION 10.1 Positions, Funds, Transfers for Specific Purposes.

Funds for personnel services may be transferred from any legally available source on the recommendation of the department head and approval by the Director of Administrative Services, Board or Commission, for departments under their respective jurisdiction, and on authorization of the Controller with the prior approval of the Human Resources Director for:

(a) Lump sum payments to officers, employees, police officers and fire fighters other than elective officers and members of boards and commissions upon death or retirement or separation caused by industrial accident for accumulated sick leave benefits in accordance with Civil Service Commission rules.

(b) Payment of the supervisory differential adjustment, out of class pay or other negotiated premium to employees who qualify for such adjustment provided that the transfer of funds must be made from funds currently available in departmental personal service appropriations.

(c) Payment of any legal salary or fringe benefit obligations of the City and County including amounts required to fund arbitration awards.

(d) The Controller is hereby authorized to adjust salary appropriations for positions administratively reclassified or temporarily exchanged by the Human Resources Director provided that the reclassified position and the former position are in the same functional area.

(e) Positions may be substituted or exchanged between the various salary appropriations or position classifications when approved by the Human Resources Director as long as said transfers do not increase total departmental personnel service appropriations.

(f) The Controller is hereby authorized and directed upon the request of a department head and the approval by the Mayor's Office to transfer from any legally available funds amounts needed to fund legally mandated salaries, fringe benefits and other costs of City employees. Such funds are hereby appropriated for the purpose set forth herein.

(g) The Controller is hereby authorized to transfer any legally available funds to adjust salary and fringe benefit appropriations as required under reclassifications recommended by the Human Resources Director and approved by the Board of Supervisors in implementing the Management Compensation and Classification Plan.

Amounts transferred shall not exceed the actual amount required including the cost to the City and County of mandatory fringe benefits.

SECTION 10.2 Professional Services Contracts.

Funds appropriated for professional service contracts may be transferred to the account for salaries on the recommendation of the department head for the specific purpose of using city personnel in lieu of private contractors with the approval of the Human Resources Director and the Mayor and the certification by the Controller that such transfer of funds would not increase the cost of government.

SECTION 10.3 Salary Adjustments, Memoranda of Understanding.

The Controller is authorized and directed to transfer from the Salary and Fringe Reserve, or any legally available funds, amounts necessary to adjust appropriations for salaries and related mandatory fringe benefits of employees whose compensation is pursuant to Charter Sections A8.403 (Registered Nurses), A8.404 (Transit Operators), A8.409 (Miscellaneous Employees), A8.405 and A8.590-1 through A8.590-5 (Police and Firefighters), revisions to State Law, and/or collective bargaining agreements adopted pursuant to the Charter or arbitration award. The Controller and Director of Human Resources are further authorized and directed to adjust the rates of compensation to reflect current pay rates for any positions affected by the foregoing provisions.

Adjustments made pursuant to this section shall reflect only the percentage increase required to adjust appropriations to reflect revised salary and premium pay requirements above the funding level established in the adopted budget of the respective departments.

The Controller is authorized and directed to transfer from reserves or any legally available funds amounts necessary to provide costs of non-salary benefits in ratified Memoranda of Understanding or arbitration awards.

SECTION 10.4 MOUs to be Reflected in Department Budgets.
